

# Knovel ToGo

Continuous access when and where engineers need answers and insights

Whether overseeing a project onsite or formulating plans with colleagues on the road, engineers need technical answers and insights at the right time and place.

Knovel ToGo delivers access to answers when and where engineers, researchers and students need it: Across devices, on the go, on and off-line.

- Extends the power of Knovel's technical reference content beyond the desktop to answer questions from anywhere
- Avoids interrupted access to answers and insights due to Internet connection challenges on project sites
- Read up to 20 new titles every month
- Sync saved titles with My Knovel on the web  
Share a common list of saved titles between Knovel ToGo and My Knovel on the web
- Supports IOS and Android tablets and smartphones
- Included with every Knovel subscription

## About Knovel

Knovel quickly delivers the most accessible, trusted and personalized engineering answers and insights—empowering Industry and Academia.

### Knovel provides

#### Essential Answers Get to the best answer

Relevant and trusted technical engineering answers aggregated together

#### Accelerated Discovery Answer the question quickly

Precise discovery experience that guides you to the answer

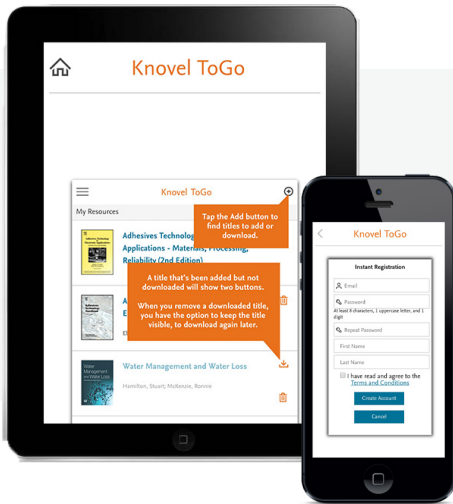

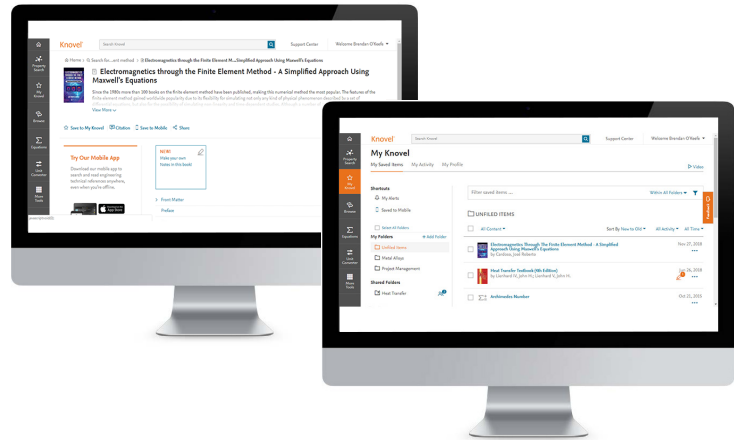

#### Continuous Access Obtain the answer anywhere

Efficient bridges to tools when and where researchers and students need answers

## Step 1:

### Download the Knovel ToGo mobile application and log-in

- Download the Knovel ToGo mobile app from the Android or Google Play stores
- Use the same login credentials you use with Knovel on the web
- If you need login credentials, select the option to register with Knovel in the login screen

## Step 2:

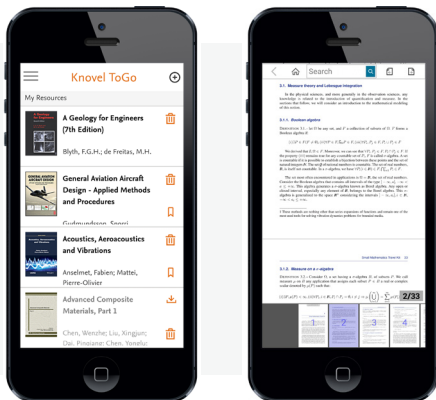

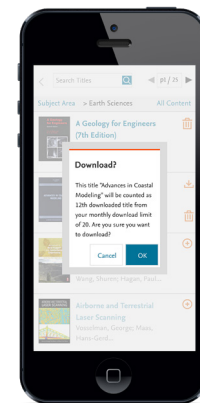

### Review the tutorial

- To become familiar with the newest features provided in the Knovel ToGo app
- Remember to swipe right to quickly access all of the menu items in Knovel ToGo

## Step 3:

### Search for concepts, save titles and download titles to your mobile device

- Or, tag files to share with the mobile app from My Knovel on the web
- You may download 20 new titles to read each month

## Step 4:

### Use Knovel ToGo anytime and anywhere

- Your saved titles are synced with My Knovel on the web
